 - Secretary: Kevin Meynell (TERENA)
 - **Control Plane WG:**
 - Chair: Gigi Karmous-Edwards (MCNC)
 - Secretary: Licia Florio (TERENA)

GLIF vision

Linking the World with Light

- It is no longer sufficient to connect researchers to the internet, they have to be connected to each other.
- GLIF community shares a common vision of building a new grid-computing paradigm, in which the central architectural element is optical networks, not computers, to support this decade's most demanding e-science applications.

7th Annual Global LambdaGrid Workshop

- The 2007 GLIF Workshop will be held on September 17-18, 2007 in Prague, Czech Republic
- Host: CESNET, Czech NREN
- Location: Charles University, Prague
- Followed by: 4th Customer Empowered Fiber Workshop
