An aerial photograph of a rural landscape, likely in Europe, showing a patchwork of agricultural fields in various shades of brown and green. A large white circle is drawn over the central part of the image, and a smaller white circle is drawn over a specific area within the larger circle. The text is overlaid on the top portion of the image.

Invitation to GLIF 2010
The 10th Annual Global LambdaGrid Workshop
David Foster
CERN

10th Annual Global LambdaGrid Workshop

- CERN, Geneva, Switzerland
- 13-14 October 2010

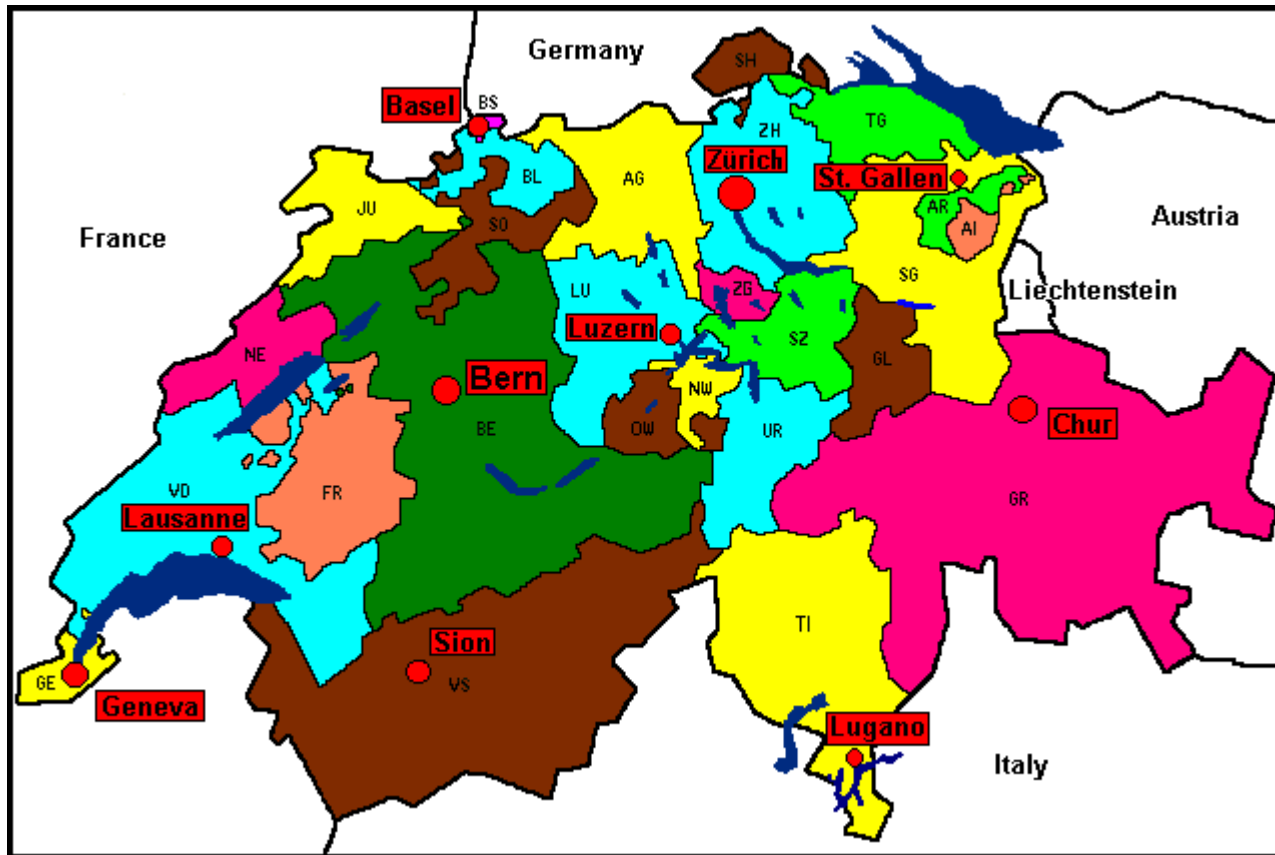

Europe

Switzerland

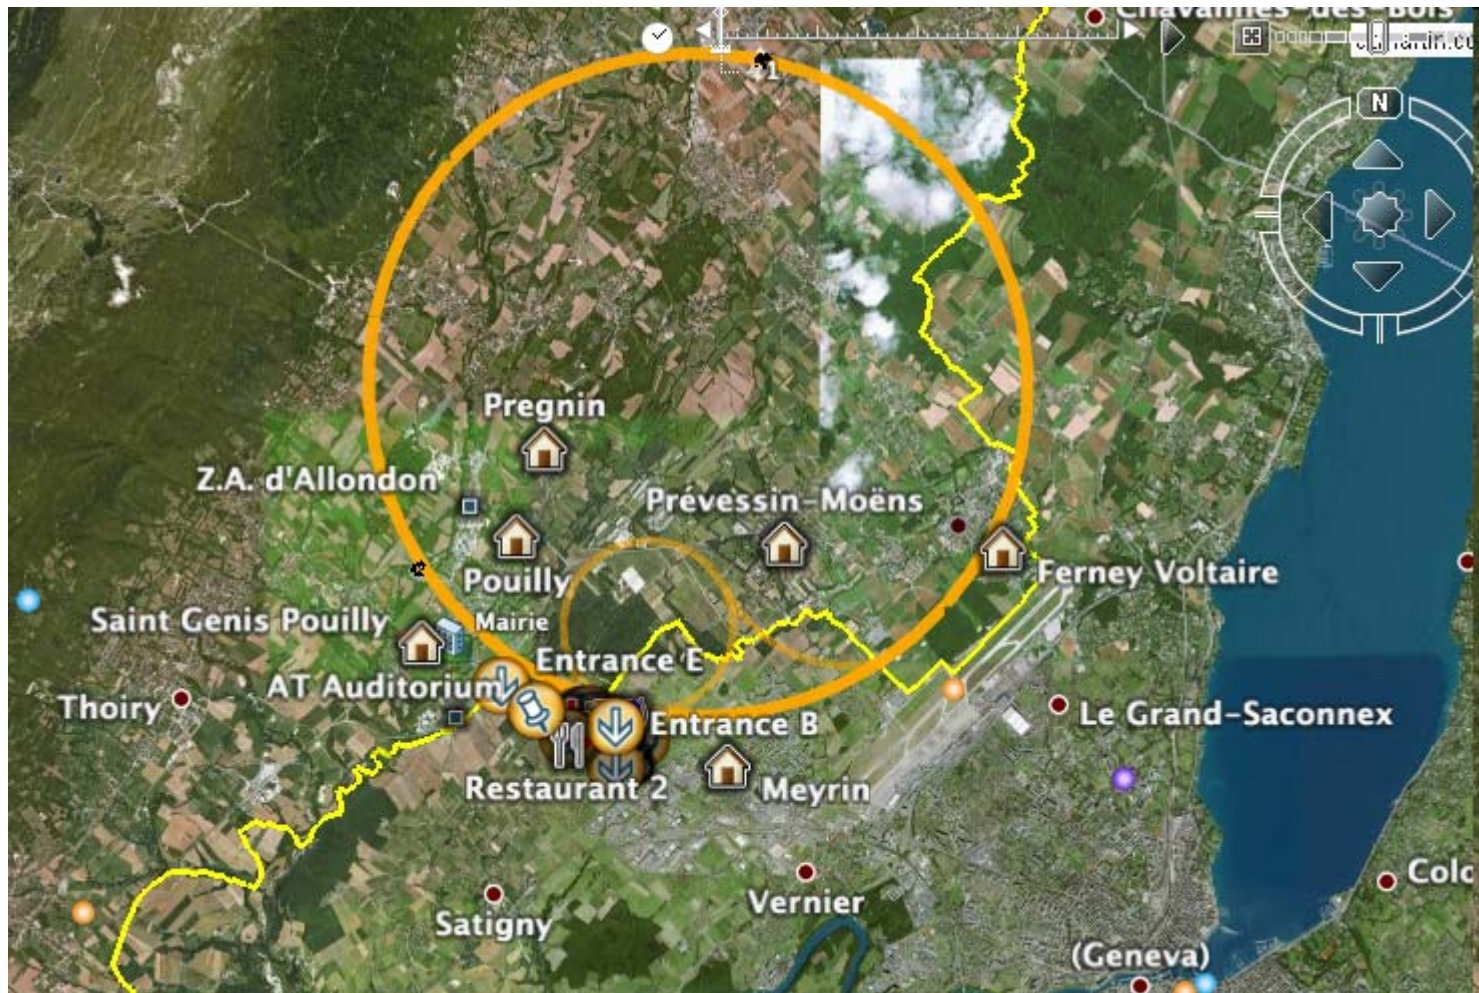

Switzerland

Geneva

26659m in Circumference (but varies with the moon!)

SC Magnets cooled to -193.2°C (80 K), -268.7°C (4.5K), -271.3°C (1.9k) Using 10'000 tons of liquid nitrogen and 120 tonnes of liquid helium

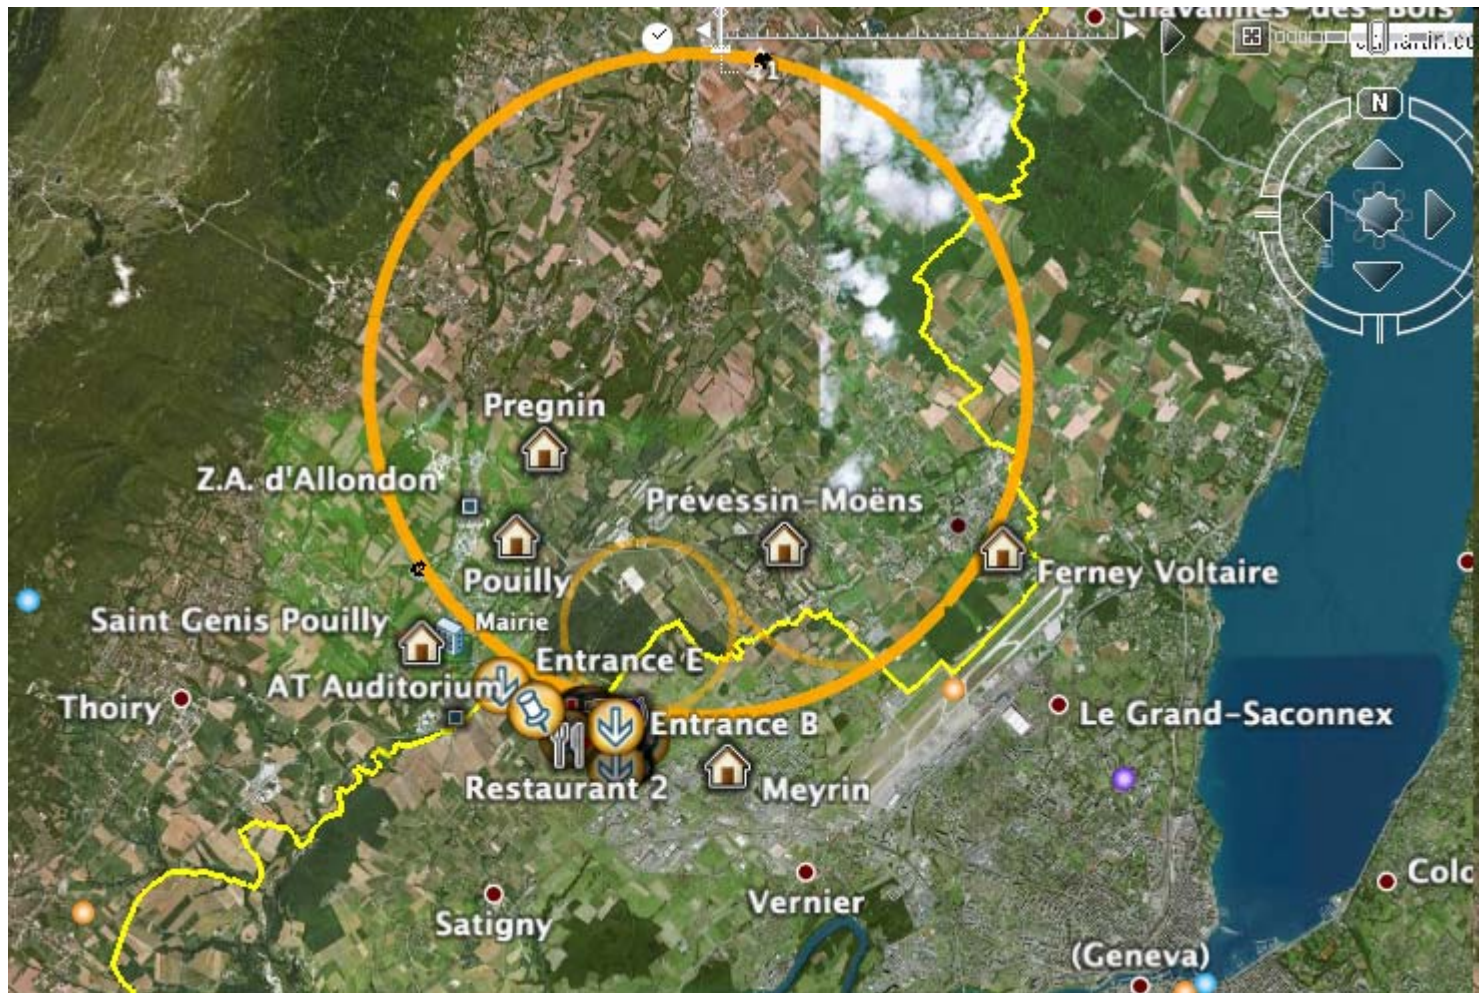

The internal pressure of the LHC is 10^{-13} atm, ten times less than the pressure on the Moon

600 Million Proton Collisions/second

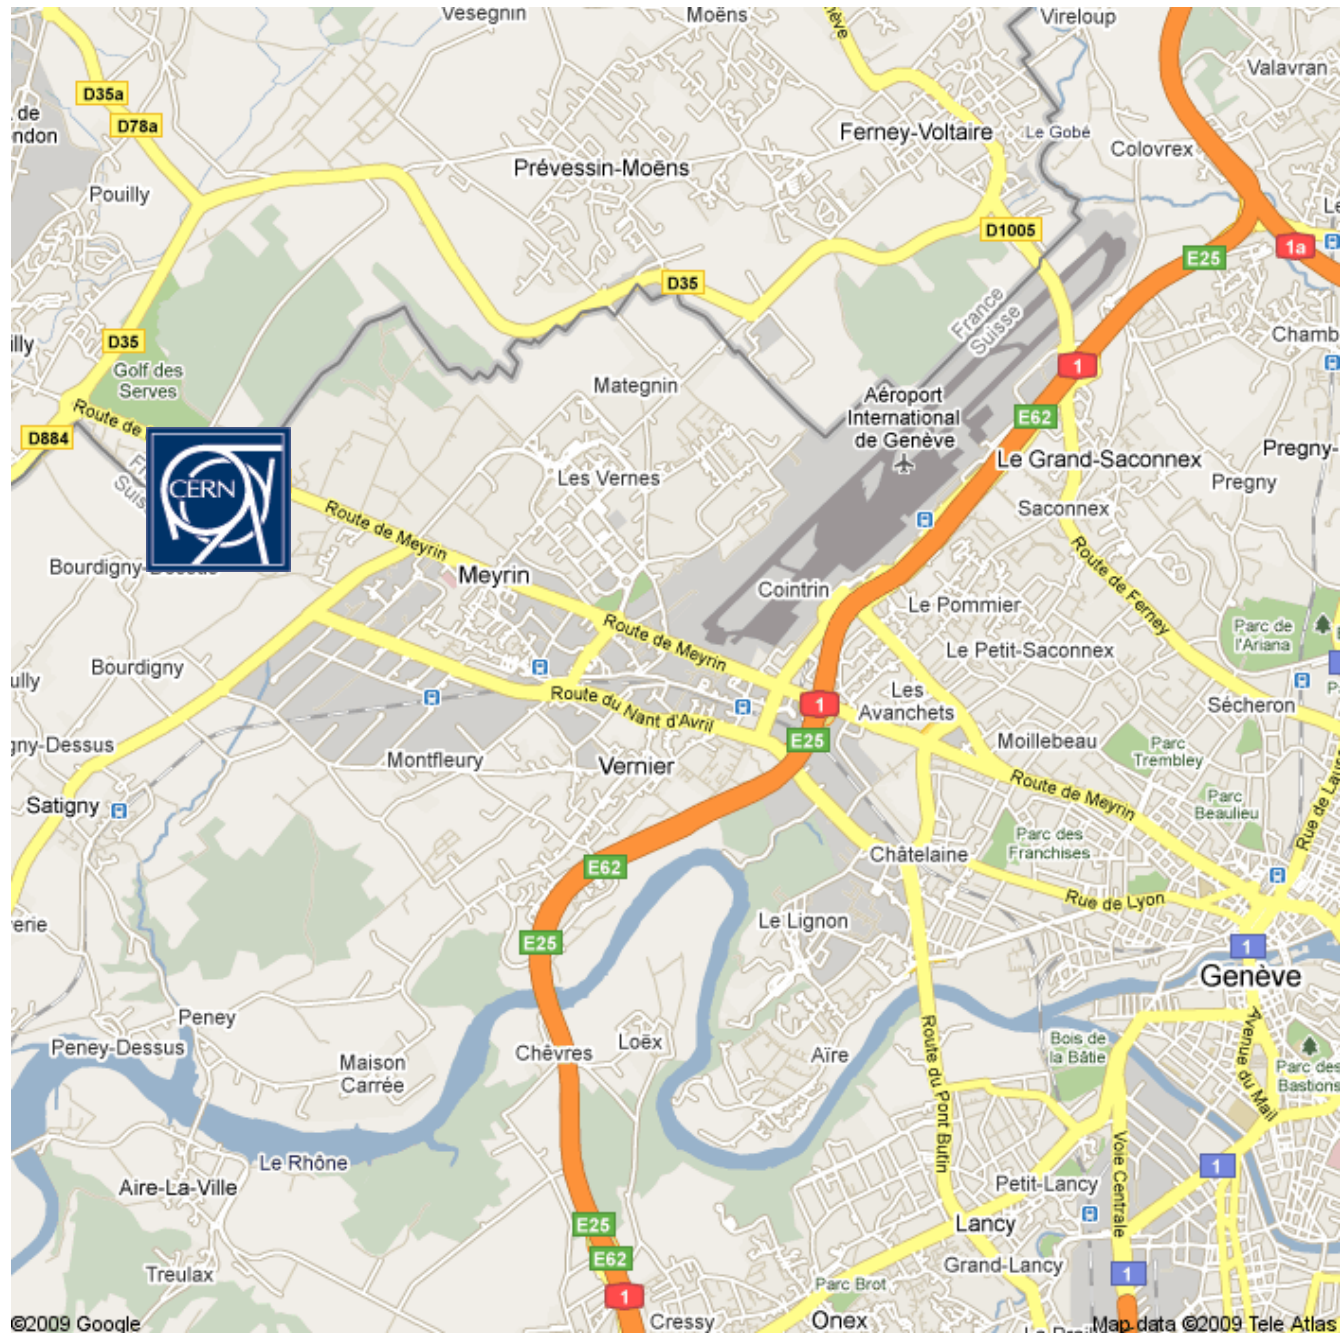

Where the Web was born

Simple solutions are often the best!

10th Annual Global LambdaGrid Workshop

- CERN, Geneva, Switzerland
- 13-14 October 2010

See you next year in Geneva!
