

TransPAC: More than Just a Network

Andrew Lee

Associate Director – International Networks

International Networking

Indiana University

leea@iu.edu

Sep 28, 2016

TransPAC History

- **TransPAC project was started in 1998 (we will have our own 20 year anniversary in just 2 years!)**
- **Cooperative partnership among Indiana University, APAN, TEIN*CC, JGN-x/NICT-Japan, NII-Japan, CERNET, and others**
- **Historically, 10G links to Tokyo, Beijing**

TransPAC4 continuation

- **TransPAC4: Pragmatic Application-Driven International Networking**
- **Runs through Feb 2020**
- **\$4.8M over 5 years**
- **Includes funding for circuits, exchange points, application support, research**
- **Press Release:**
<http://itnews.iu.edu/articles/2015/USE-iu-globalnoc-wins-4.8-million-asia-pacific-networking-grant.php>

Current Team

End User Engagement

- **Directly engage with user communities**
- **Focusing on end-to-end performance**
- **Application Advocacy Specialists will work closely with end users with network needs**
 - **including US branch campuses in Asia**
- **Other training**

TransPAC3

- 10G circuit funded by TransPAC3 from Los Angeles to Tokyo was decommissioned May 31, along with the equipment there
- NICT funded Los Angeles to Tokyo 10G is still in place

TransPAC-Pacific Wave 100G

- **Dedicated 100Gb/s wavelength between Pacific Wave in Seattle and Tokyo, Japan**
- **Network fabric provided by Pacific Northwest Gigapop**
- **Points of Presence in Seattle (PacWave) and in Tokyo (WIDE/T-REX and Tata)**

Transition

- **Traffic transitioned from one circuit to another without issue May 26, 2016 (morning Eastern time, evening Tokyo time)**

TransPAC - Pacific Wave 100G Circuit (provided by PNW Gigapop)

Fri 20 May 2016 09:20:01 EDT to Fri 27 May 2016 09:20:01 EDT

IRNC related Backbones and Exchange Points

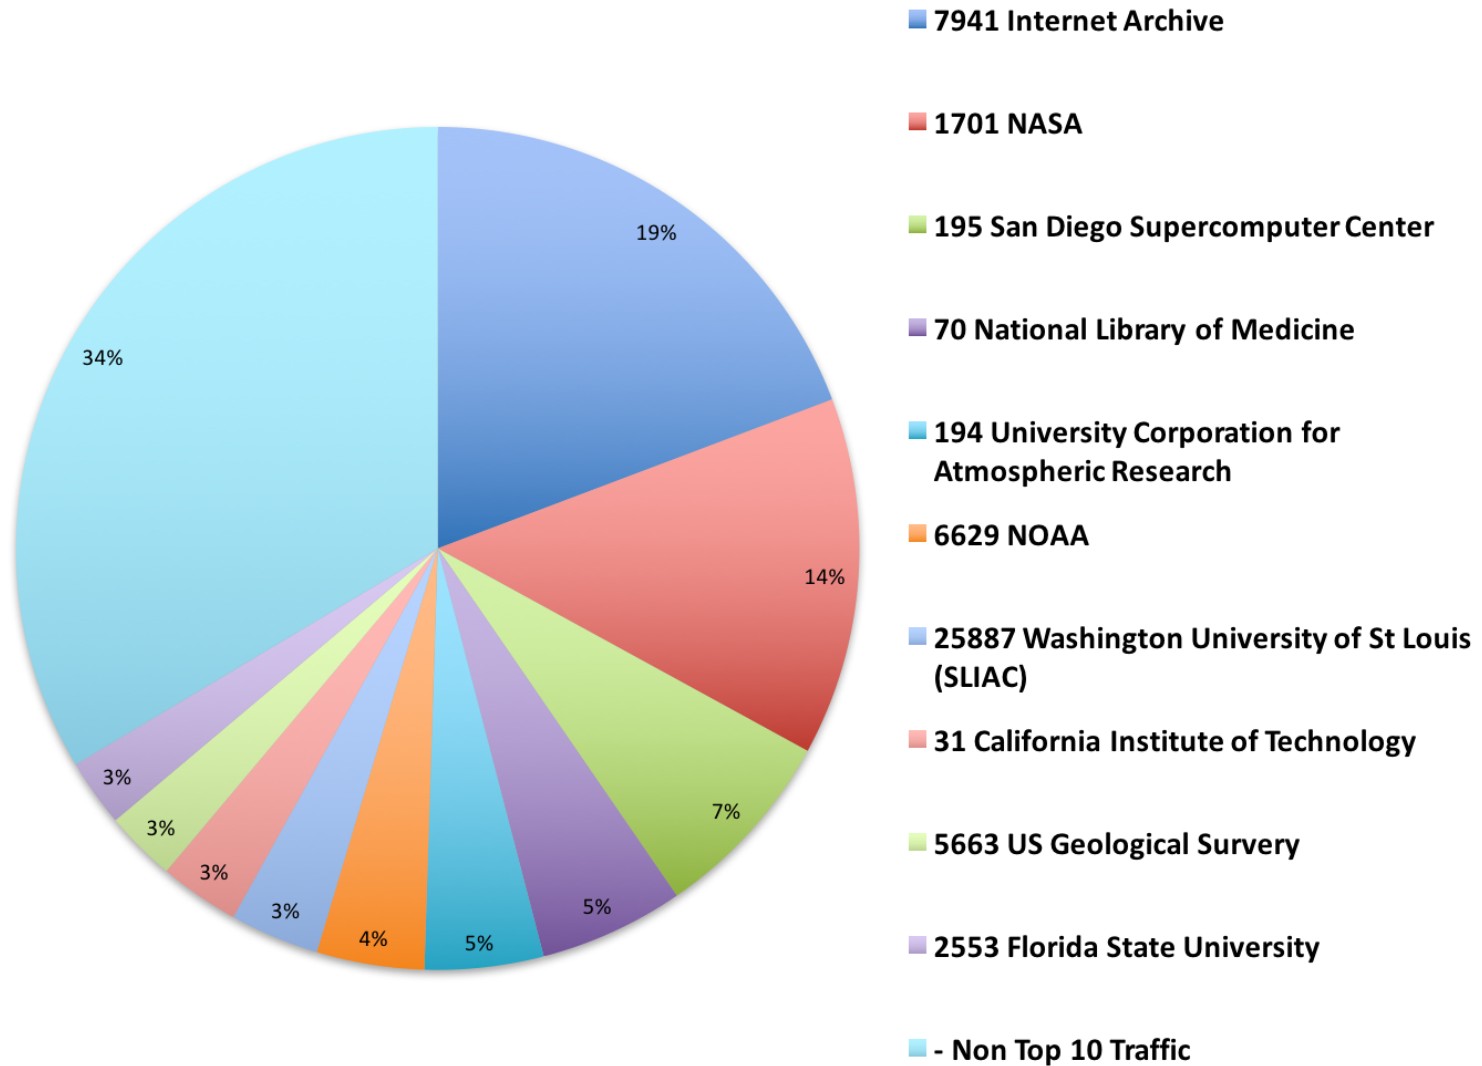

Who Uses TransPAC

- De-identified flow data analysis
- Data covers February-June

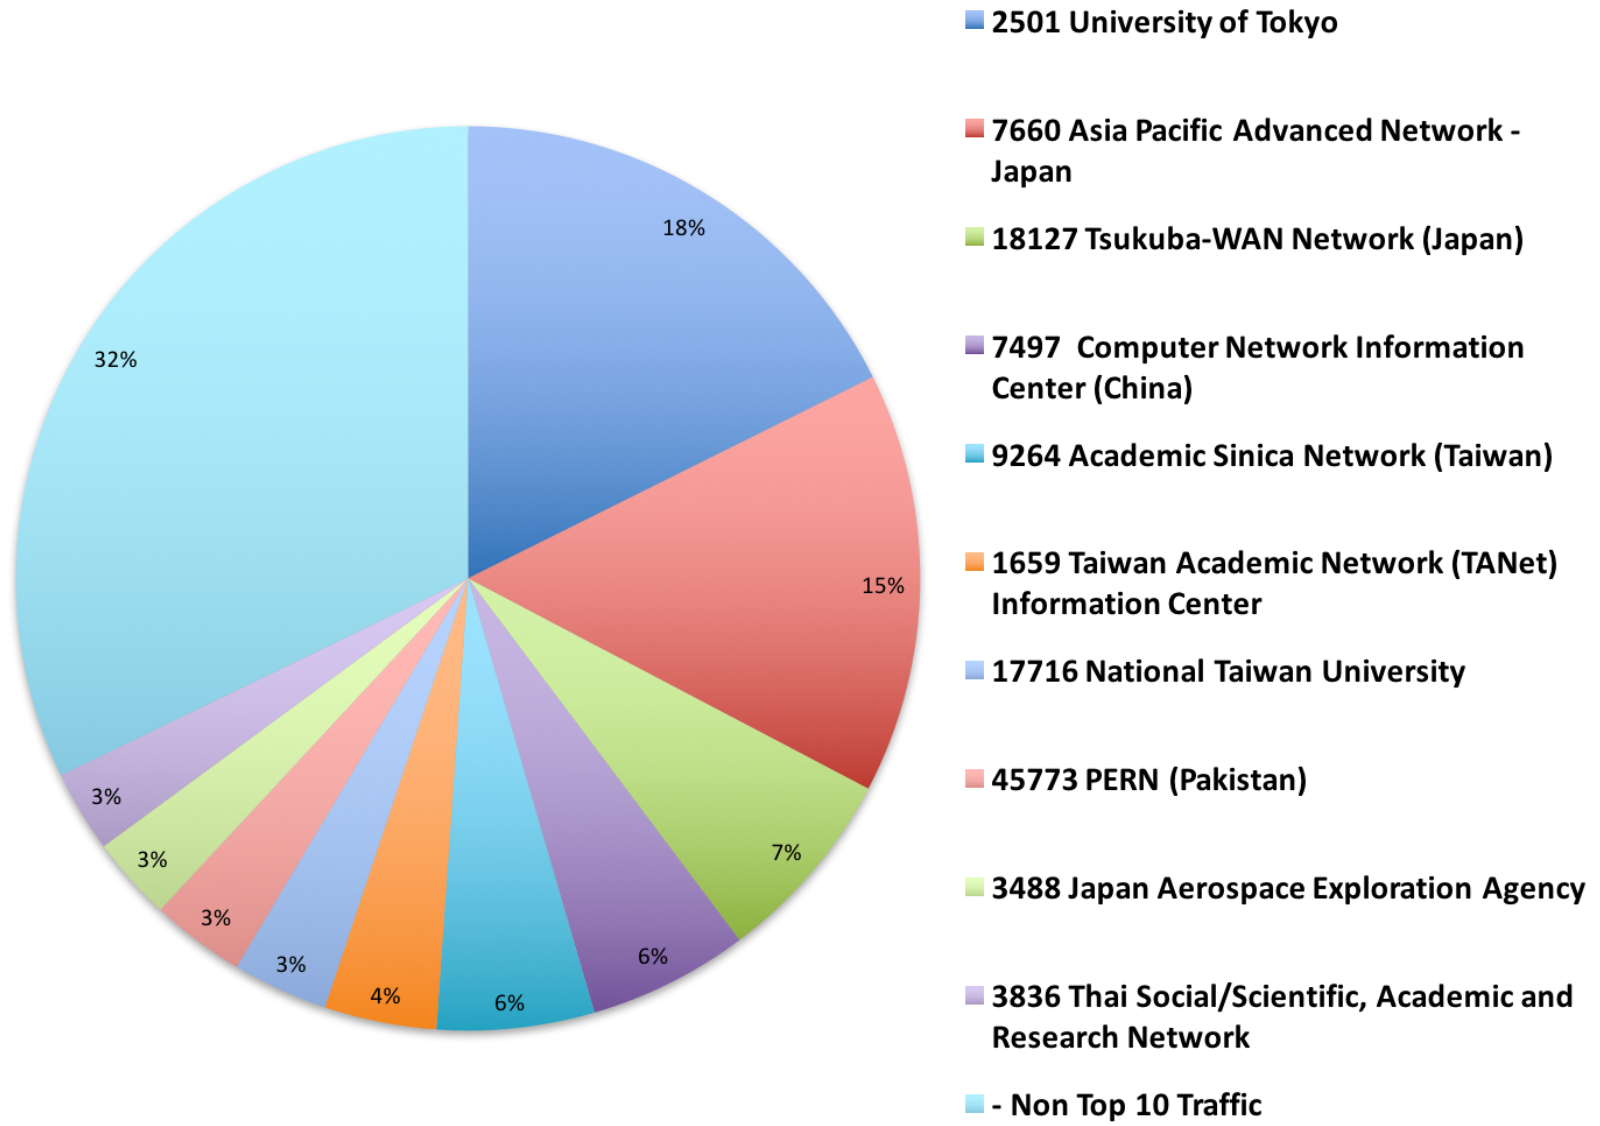

TransPAC Top Ten Talkers by Source AS Outbound February - June 2016

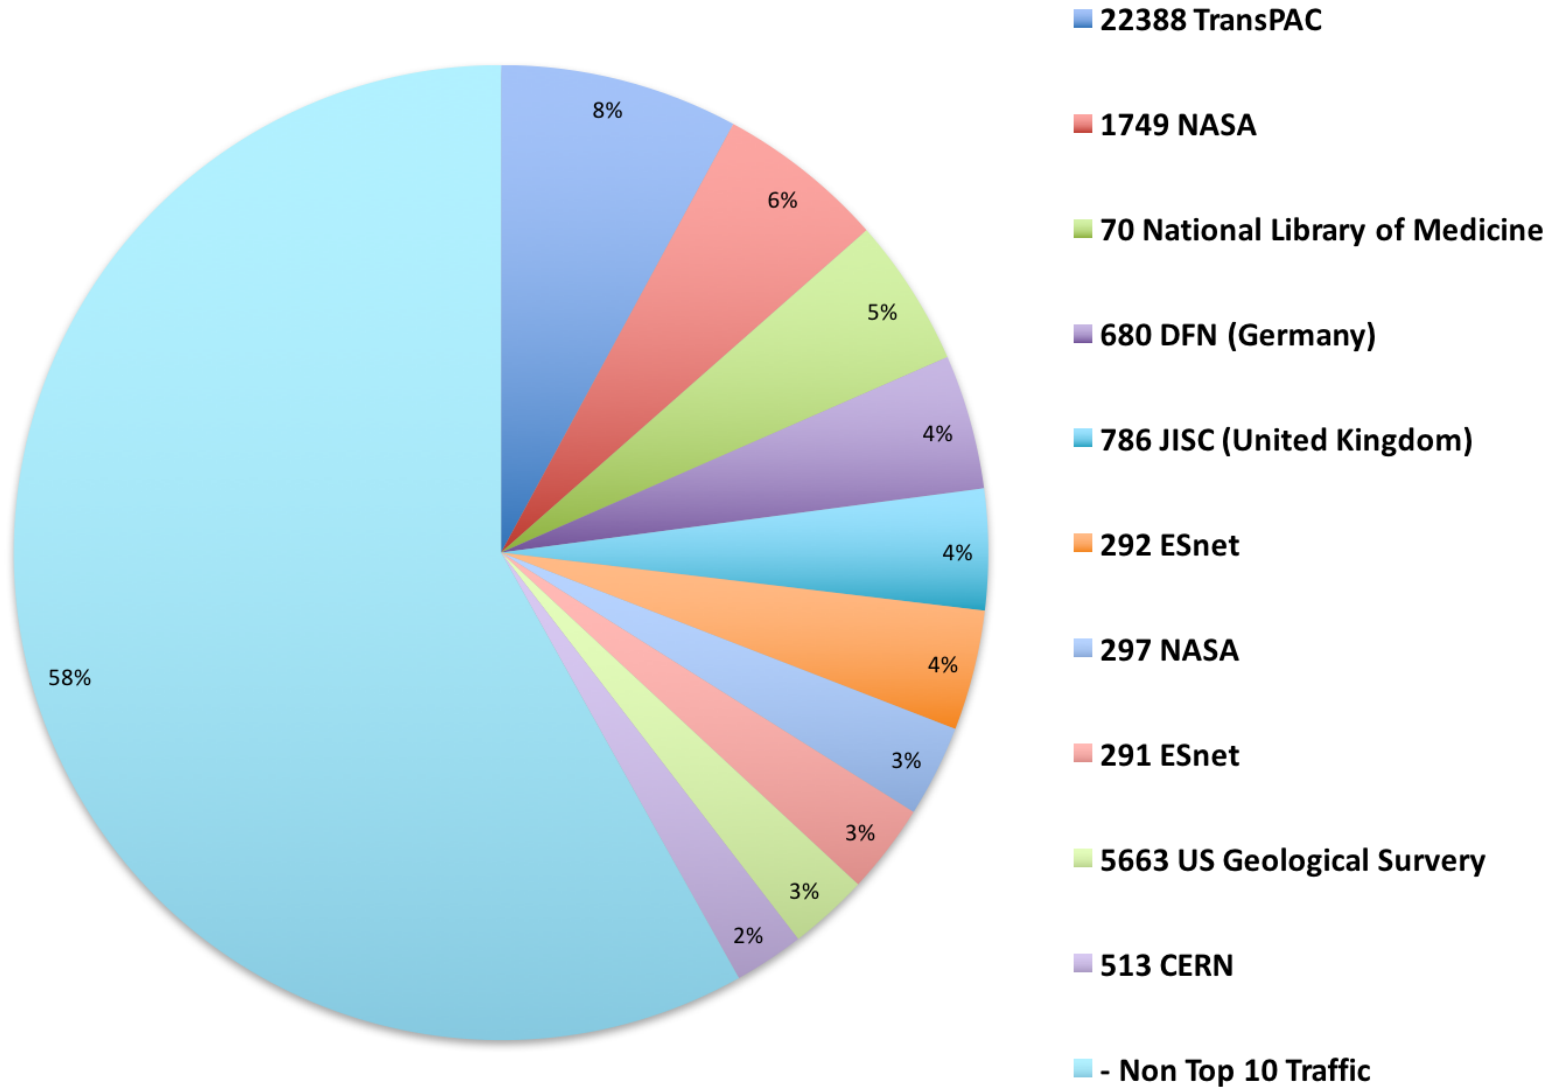

TransPAC Top Ten Talkers by Destination AS Outbound February - June 2016

TransPAC Top Ten Talkers by Source AS Inbound February - June 2016

TransPAC Top Ten Talkers by Destination AS Inbound February - June 2016

TransPAC - additional circuits

- Exploring alternative options away from our traditional paths
 - Guam to ?

Acknowledgements

- **IN@IU is funded by**
 - **US NSF award #0962968 for TransPAC3**
 - **US NSF award #1450904 for TransPAC4**
- **The TransPAC Pacific Wave 100gb/s network fabric is provided by Pacific Northwest GigaPop**
- **Pacific Wave is partially funded by a NSF IRNC award to CENIC & Pacific Northwest Gigapop**
